

New Specialty Pharmacy for Pharmacy Members as of Aug. 1

A new specialty pharmacy service provider has been chosen by Blue Cross and Blue Shield of Texas (BCBSTX) through our pharmacy benefit manager (PBM), Prime Therapeutics LLC (Prime).

As of August 1, 2021, BCBSTX members, whose pharmacy benefits are administrated through Prime, now have Accredo® (a full-service specialty pharmacy) for related services. This vendor change applies for BCBSTX commercial group and retail plan members

Please note: Your Medicare Part D and Medicare Prescription Drug Plan members will have Accredo as an additional vendor starting Aug 1. They may ask you to move their prescription(s) to this new pharmacy service at that time.

Specialty Pharmacy Services

Some of your patients will have Accredo as a new choice to get specialty drugs covered under the pharmacy benefit. Accredo provides patients with access to specialty drugs, as well as personalized care and dedicated clinical resources to help them manage their health condition(s).

BCBSTX members should use an in-network specialty pharmacy to take full advantage of their pharmacy benefit coverage. Based on a member's benefit plan, there may be other in-network options. **Please note:** Specialty pharmacies used to supply specialty drugs covered under the member's medical benefit are not affected and can still be used.

- **There is no urgent action you need to take.** If your patients have existing pharmacy benefit specialty drug prescriptions, the prescriptions may have been sent to Accredo on August 1.
- After Aug. 1, some of your patients may ask you to send a new prescription to Accredo. These patients may be new to specialty drug treatments or did not have their prescriptions move and wish to keep using an in-network specialty pharmacy. Some prescriptions that will not transfer are controlled substances, expired prescriptions or prescriptions with no refills left after Aug. 1.
- When renewing your patients' current specialty drug prescriptions or when writing new prescriptions, you can send them to Accredo. To get started, visit [Accredo for Prescribers](#)® for referral forms by therapy, **e-prescribe** to Accredo¹ or call the pharmacy at **1-833-721-1619** for all BCBSTX plan members.
